

The Boston University Henry M. Goldman School of Dental Medicine is conducting a search for a clinical-track faculty member as a dentist anesthesiologist in the Department of Periodontology. Responsibilities will include providing/supervising Moderate IV sedation for periodontal patients and possibly some lectures and seminars for the periodontology residents.

The position requires a DDS/DMD or equivalent degree and a license to practice dentistry in the state of Massachusetts. Must have completed CODA approved Dental Anesthesiology Residency of minimum 2 years. Salary and academic rank will be commensurate with qualifications and experience.

Please email CV and queries to Dr. Serge Dibart, Department of Periodontology, at sdibart@bu.edu.
