AMERICAN SOCIETY OF DENTIST ANESTHESIOLOGISTS

*ASDA Executive Director • 4411 Bee Ridge Road, #172 • Sarasota, FL 34233
Phone: 312-624-9591 • Fax: 773-304-9894 • www.asdahq.org*

PURPOSE

In consideration of the discovery of anesthesia by dentists, the continuing contribution to the art and science of anesthesia by dentists, and the continuing requirements for and provision of anesthesia care by dentists, this Society has established as its purpose to support and encourage the clinical practice of anesthesia by dentists and to promote the acquisition and dissemination of scientific knowledge associated therewith.

GOALS

1. To make available to dental patients the full spectrum of anesthesia care.
2. To train dentists in the full spectrum of anesthesia care.
3. The development and support of a recognized specialty of anesthesiology in the dental profession.
4. The establishment of an anesthesiology department in dental schools.

THE ASDA'S POLICY ON ANESTHESIA FOR DENTISTRY

The ASDA strongly believes that anesthesiology should not be regarded by any specialty or interest group as "their turf" but rather that it is a gift provided to the entire profession by our predecessors. We have the responsibility to use it wisely and to pass it on to future generations of dentists. We believe that the specialty of dental anesthesiology will forever secure anesthesia as an integral part of the entire profession of dentistry.

ACTIVE MEMBERSHIP BENEFITS

- Subscription to *Anesthesia Progress*, the leading journal which focuses on anesthesia in dentistry.
- Discounted registration fees on all ASDA continuing education courses, including the Annual Scientific Session.
- The ASDA Newsletter to keep you abreast of news in the field of dental anesthesiology.
