

The Dental Anesthesia Group / SA Dental Sedation

Our practice is a fee for service, office-based anesthesia group, providing care for San Antonio and also the State of Texas.

We are currently looking to transition on a dentist anesthesiologist starting in January of 2020. Work will include traveling and serving the special needs population (mostly adults) and also local private practice (adults and pediatrics) in San Antonio. Compensation is very competitive and possibility for partnership is available for long-term positions. Transition for new graduates available as well.

Texas dental license and Anesthesia level 4 permit and portability will be required.
